Education

Chitkara University, Punjab

B.E in Computer Science & Engineering

2021 - 2025

8.95 CGPA

Shivam Convent School, Patna

Senior Secondary

2020 - 2021

79.6 %

Projects

Movie Search Website

[Code](#)

- Developed a responsive movie search website using React
- Implemented a user-friendly interface with a search bar in the header for easy movie discovery.
- Utilized APIs such as OMDB or TMDb to fetch movie data dynamically based on user input.
- Designed and implemented features to display movie details including poster image, title, and related movies list.

Puzzle Solver

[Code](#)

- Created an interactive puzzle game using HTML, CSS, and JavaScript, where players can choose to either upload their own images or opt for a random image.
- Implemented logic to dynamically scatter the image tiles and display numbers from 1 to 8, challenging players to rearrange the tiles to solve the puzzle.
- Used Session storage to store the image selected by the user.
- Display the number of moves taken by the user to solve complete puzzle.

Notepad

[Code](#)

- Spearheaded the creation of a fully functional Notepad application using HTML, CSS, and JavaScript, demonstrating proficiency in front-end web development.
- Implemented local storage with JSON for saving user notes.
- Designed a user-friendly interface for easy note-taking.
- Enabled dynamic content manipulation for adding, editing, and deleting notes.

Technical Skills

Languages: Java, JavaScript, C++

Frontend: HTML, CSS, React

Backend: Express.js, Node.js

Databases: SQL, MongoDB

Developer Tools: Postman, VS Code, GitHub

Testing: Writing Test Case, Manual Testing

Soft Skills

- Strong communication and interpersonal skills
- Problem-solving and critical thinking
- Adaptable and quick learner
- Effective team player with leadership potential
- Time management and attention to detail

Certificates/Achievements

- Solved **250+** DSA problems on **Leetcode**, **GFG**, **CodeStudio**, building problem solving skills.
- Successfully completed Introduction to C++ for Chitkara University Excellence Certificate.
- Successfully completed Advance Data Structures and Algorithms certification course on Coursera.
- Successfully completed Introduction to Cyber Security Course by Cisco Networking Academy.
